### The Oak National Academy.

The 'teaching content' will be provided to children through age appropriate video content on the DfE published list of educational resources site; Oak National Academy website. This provides the equivalent of 3 hours of lessons per day for primary school children. In their 'classroom' each lesson is an hour-long. They're delivered by a teacher, with a pre-recorded video as well as quizzes, worksheets and creative activities. It's all easy to use, there's no login or password, and you can access the lessons on any device- pupils only need materials they can find at home.
